

TCT FAIRWAY

Sports field drainage trencher

YOU WILL NEED:

- A 35-60hp tractor with hydrostatic transmission or creeper gearbox.
- 3 point linkage 540 pto output

Features of the TCT FAIRWAY

The TCT Fairway is a compact drainage trencher designed for smaller contractors and golf courses, but still keeping the strength and performance of the Trenchit brand.

This is a PTO driven trencher. Driven via a reduction gearbox and chain drive this allows an optimum digging speed.

It is a very versatile and powerful trencher. It can be used with a conveyor system or can be used as a conventional trencher by removing outward conveyor attachment.

It is designed for tractors with horsepower (HP) from 35 – 60HP with hydrostatic transmission or creep gearbox transmission that does not exceed 0.3 kph or 0.12 miles/hr.

THE DETAILS:

Digging Depth: Up to 1200mm

Digging Width: 75,100,150,200mm

Wear Parts: Quality USA trenching parts, with tungsten carbide cutting teeth.

Slip Clutch: This protects tractor and trencher from undue shock loading.

Crumber Bar: Grades trench as you go.

Conveyor: The soil is directed onto a conveyor, elevating it onto a small truck or trailer running alongside the trencher.
