

TS-20 TURF SEEDER

- Multipurpose machine for seeding a new lawn or overseeding an existing lawn
- Front seed drop ensures follow up soil coverage over seed for better germination
- Folding handle for easy transportation
- 26 heat-treated multipurpose blades, uniquely designed with cutting edge on both ends of blade for double the life
- 5-position, single action height adjustment
- Covered 60 lb. capacity seed box won't rust or dent and is mounted higher to eliminate clogging
- Single pin attachment design allows for quick removal of hopper to empty out excess seed
- Can be converted in minutes to a standard rake, rake with catcher bag or vertical cutter
- Engine: 5.5hp Honda or 5.5hp B&S INTEK
- Dimensions: H-39" x W-27" x L-51"
- Dimensions (handle folded and seed box removed): H-29.5" x W-27" x L-30.5"
- Weight: 150 lbs.

TSS-20 HYDROSTATIC SELF-PROPELLED TURF SEEDER

- Infinite speed from 0 to 3.4 mph eliminates fatigue on operator
- Operates forward and reverse, is great on hills and makes loading and unloading a snap
- Constant speed ensures more consistent seed placement
- Folding handle and quick remove hopper for easy transportation
- 26 heat-treated multipurpose blades, uniquely designed with cutting edge on both ends of blade for double the life
- 5-position, single action height adjustment
- Covered 60 lb capacity seed box won't rust or dent and is mounted higher to eliminate clogging
- Single pin attachment design allows for quick removal of hopper to empty out excess seed
- Heavy duty, greasable bearings with cast iron housings
- Wheels have sealed bearings and semi-pneumatic tires
- Can be converted to a dethatcher or vertical cutter in minutes
- Engine: 5.5hp Honda or 5.5hp B&S INTEK
- Dimensions: H-39" x W-31.5" x L-51"
- Dimensions (handle folded): H-34" x W-31.5" x L-37"
- Weight: 237 lbs.

DS-20 DRILL SEEDER

- A more accurate seeding system; Front slicing blades create slits in the soil with reverse blade direction, then with an option of disc or shoe injectors, drops the desired seed into the aligned opening
- Self-propelled for maximum performance
- Twist grip throttle and clutch design makes unit extremely user friendly
- Operational capacity up to 22,000 sq ft/hr
- Travel capacity up to 220 ft/min (2.53 mph)
- Front Blades: Ten heat-treated, 9" high carbon 14 sawtooth blades on 2" centers
- Rear Injector Options: Ten disc injectors (Model DS-20D)
Ten shoe injectors (Model DS-20S)
- Seeding width: 20"
- Hopper capacity: 0.83 cu ft adjustable for most types of seed
- Ten seed outlets with rotary bar stop and gate shutoff
- Engine: 8hp Honda
- Dimensions: H-43" x W-36" x L-35"
- Total weight: 400 lbs.

Model DS-20S

Model DS-20D

TR-20 TURF RAKE

- Versatile and compact 20" turf dethatcher
- Folding handle for easy transportation
- 28 heat-treated flail blades with spacing of 11/16" standard adjustable up to 1-3/8"
- 5-position, single action height adjustment
- Heavy-duty, greasable bearings with cast iron housings
- Wheels have sealed bearings and semi-pneumatic tires
- Can be converted to a rake with catcher, turf seeder, or vertical cutter in minutes
- Engine: 5.5hp Honda or 5.5hp B&S Intek
- Dimensions: H-40" x W-27" x L-44"
- Dimensions (handle folded): H-29.5" x W-27" x L-30.5"
- Weight: 135 lbs

TRC-20 TURF RAKE W/CATCHER BAG

- Immediately pick up 20" row of thatch for an instant neat and clean appearance
- 8 cu. ft. capacity synthetic catcher bag
- Detachable steel platform supported on heavy duty casters helps carry weight of bag
- Folding handle for easy transportation
- 28 heat-treated flail blades with spacing of 11/16" standard adjustable up to 1-3/8"
- 5-position, single action height adjustment
- Heavy-duty, greasable bearings with cast iron housings
- Wheels have sealed bearings and semi-pneumatic tires
- Can be converted in minutes to a standard dethatcher, turf seeder or vertical cutter
- Engine: 5.5hp Honda or 5.5hp B&S Intek
- Dimensions: H-40" x W-27" x L-54"
- Weight: 165 lbs.

TRS-20 HYDROSTATIC SELF-PROPELLED TURF RAKE

- Infinite speed from 0 to 3.4 mph eliminates fatigue on operator
- Operates forward and reverse
- Makes loading and unloading on ramps a snap
- Great on hills
- Folding handle for easy transportation
- 28 heat-treated flail blades with spacing of 11/16" standard adjustable up to 1-3/8"
- 5-position, single action height adjustment
- Heavy-duty, greasable bearings with cast iron housings
- Wheels have sealed bearings and semi-pneumatic tires
- Can be converted to a turf seeder or vertical cutter in minutes
- Engine: 5.5hp Honda or 5.5hp B&S Intek
- Dimensions: H-40" x W-31.5" x L-43.5"
- Dimensions (handle folded): H-34.5" x W-31.5" x L-30.5"
- Weight: 215 lbs.
